

January 27, 2012 – For Immediate Release

Announcing “Shared Series” for Space Logix Clients

Due to increase need from our community, Space Logix is now offering “Shared Series” services for those clients holding flexible work packages such as our 40-Hour Work Package. This service will allow up to 2 individuals to share the work space time purchased from Space Logix. Client A and Client B will now be able to share charges if they like for packages and have the ability to book their respective time and have the amount used deducted from one account balance. Space Logix request that all clients use our central booking system at <http://bit.ly/spacelogix> to book all services and appointments as well as to make purchases. After checking into our central Kiosk at the front desk with their security assigned access code, client then has full use of the facility.

For further information please feel free to contact our staff at info@spacelogix.com or call 336-550-4020 or “drop on by”!
